

ESTRADA ABANDONS ALL HOPE OF HOLDING BLUE- FIELDS--PLANS TO FLEE

City Surrounded by Madriz Forces—500
Government Troops Wait to Join
In Attack—Bluffs Have Fallen

PORT LIMON, Costa Rica, May 28.—Messengers from Bluefields say that General Estrada, the rebel leader, has abandoned all hope of holding Bluefields against President Madriz and is preparing to flee. He plans to take his staff with him.

Reports state that the city has been surrounded by Madriz who controls the situation. Five hundred government troops are on the bluffs above the city. Boats are waiting to carry them to the city if an attack begins.

General Arals today made a second demand for the surrender of the city and if it does not capitulate soon it is certain that a general attack will follow. The bluffs above Bluefields, which were defended by American allies of the revolutionists, with machine guns, fell when the ammunition of the gunners was exhausted.

BLUEFIELDS, May 28.—Two hun-

dred rebels were captured at the customs house without firing a shot. The Americans, worn out by seventy-two hours of fighting, fell exhausted in the trenches and were unable to offer resistance in the final attack.

Marines from the gunboat Paducah surrounded the American consulate today. They are ready to suppress any disorder in the city. Should the Madrizites storm the city, a clash with the Americans is not unlikely.

BLUEFIELDS BLUFFS

SURRENDERS TO MADRIZ

BLUEFIELDS, May 28.—At 6 o'clock yesterday morning Bluefields bluffs surrendered to the forces of President Madriz, after a feeble resistance by the troops commanded by Gen. Zeladon, a revolutionary leader. No American lives or property suffered.

VERTREES CALLED BAD NAMES TODAY

Said Pinchot and Glavis Were
Foolish and Visionary and
Garfield Was Also

WASHINGTON, May 28.—Pinchot, the pure, controlled Secretary Garfield as he pleased. Everything wild and chimerical with reference to tree and forest reserve Garfield was willing to do at Pinchot's suggestion, declared Attorney Vertrees, counsel for Secretary Ballinger, before summing up in the Ballinger investigation.

Vertrees vigorously defended Ballinger's policy in the Cunningham claims, declaring it was single minded and honest. He bitterly arraigned Pinchot and Glavis, and Garfield was denounced as foolish, and as visionary as the men whose names he linked together. He said Ballinger was a public servant without a peer.

Vertrees declared that never had more valid claims been presented to the land office than those of the Cunningham group which Glavis protested and which had actually resulted in a congressional investigation. He said if the Cunningham affidavit was "unethically" drawn, it was a matter beyond the power of the committee to investigate. He asserted that no evidence had been introduced proving the misconduct in Ballinger's services to the claimant. He accused Garfield of jealousy because he was not included in President Taft's cabinet and declared that this jealousy played no small part in the cause of the present investigation.

Representative McCall today read a letter written to Chairman Nelson of the committee by Oscar Lawler, retracting his disparaging remarks against C. P. Connelly and apologizing for them. Lawler on the witness stand had said Connelly was guilty of cowardice and had trampled women and children during the steamer Republic disaster.

SAN MATEO HEARS FIGHT DECISION

Doolin Decides Boxing Con-
tests Cannot be Held in
Towns Incorporated

REDWOOD CITY, Cal., May 28.—Judge Doolin today decided that the supervisors of San Mateo county have no right to issue a permit for boxing matches not held within incorporated towns.

The decision followed the arrest of the principals in a fight staged at Colma by James Crofford, the fight promoter, to test the county officials' interpretation of the law in view of proposed contests within the county.

PASADENA'S GARBAGE FARM IS PRODUCTIVE

PASADENA, May 27.—The city farm where all garbage and sewage is disposed of, is proving itself to be a most productive investment. The large garbage wagons will completely cover the city every day and the most densely populated sections twice a day during the summer. The big wagons haul all the garbage to the farm, where it is fed to the large drove of hogs and the sewerage is run out to the alfalfa and other fields and used to irrigate the land.

A PROPOSITION ON TO REMODEL AND REFURNISH THE ROSSMORE HOTEL

Owner Will Spend \$15,000 in Remodel-
ing Building If Citizens Will Raise
\$3,000 to \$4,000 for Refurnishing

A movement is under way for the remodeling and refurnishing of the Rossmore Hotel. The proposition is, that if the citizens of Santa Ana will take enough interest in the enterprise to raise \$3000 to \$4000 for the refurnishing of the house, the owner, Mr. Van Nuys, will spend \$15,000 in remodeling the building. Of course, those who might subscribe to the refurnishing fund would own the furniture and it would be leased to the manager of the house on a business basis.

It has been estimated that for \$15,000 the building can be thoroughly and beautifully made over, with a fine lobby and plate glass windows on the Fourth street and the Sycamore street sides; a large, beautiful dining room, a grill, ladies' parlors, individual baths, and modern plumbing throughout.

When asked about the matter today, Manager Forsyth said:

"Yes, such a movement is tentatively under way. The question, Can the city of Santa Ana afford to be put without a hotel? is likely to be put up to the citizens of Santa Ana."

"Since the Rossmore closed the dining room, several weeks ago, interest displayed in the hotel situation, and the matter has arisen and been talked over by a number of our merchants."

"A city the size of Santa Ana without a one best place to take care of its transients is certainly a disgrace, as well as very mortifying to the town. While Santa Ana has never been a great tourist town, there is considerable traffic through the town by automobiles, a good many people looking for locations and investments, also a large body of commercial men that come here regularly. These people should be taken care of. The worst advertisement a town can have is not to be able to feed and house this class of people, for they are constantly on the move, and instead of saying a good word for our town, they simply advise their friends to stay away. With the supposed leading hotel being run as an antiquated rooming house, to say the least, it does not look well for the town."

"From a financial standpoint, the closing of the Rossmore dining room does not do the city any good. It costs in the neighborhood of \$1200 per month to operate that dining room. That money is practically brought in by the traveling public and left here in Santa Ana, as it is divided between the baker, the butcher, the grocer, the dry goods merchant, etc. This means \$14,400 a year in this one item that is lost to the town under the present conditions."

"The real estate investor who has not a proper place to stay will take his money elsewhere and make the accommodations that will at least make him comfortable while he is looking for an investment."

"The big red automobile, with its party of sight-seers, drives on to the next town because Santa Ana has no accommodations, the garage men being the principal losers in this instance. And many other illustrations may be given whereby the hotel is proved to be a necessity."

"We certainly ought to talk and think this matter over, and see if there is not some way of putting our shoulders to the wheel and show the outside world that the city of Santa Ana can maintain a hotel just as well as any of its neighboring towns."

CHANCELLOR STICKS TO JOB

Prussian Government Bill is
Overthrown But Hollwegg
Still Hangs On

(By Herbert White, Berlin, correspondent United Press.)
BERLIN, May 28.—Chancellor von Bethman-Hollweg remains in office today, following the rejection by the Prussian house of governors of the Prussian franchise bill. He retained the position because of the death of the statesman who had qualified to fill the position.

The chancellor is believed to have clinched the defeat of the government by withdrawing the bill after it had been voted down. It is regarded as the government's worst defeat in years. Ordinarily, after the defeat of the chancellor's legislative program, that officer is overthrown. The press and public are ridiculing Hollweg and calling him incapable, but none can suggest a possible successor.

LONG BEACH BUYS SITE FOR POLYTECHNIC HIGH

LONG BEACH, May 27.—The Board of Education has selected Sixteenth street and Atlantic avenues as the location for the new \$240,000 Polytechnic High school. The site embraces fifteen acres and will cost the city \$55,000. The original price was \$69,000, but the board refused to consider such a figure. The agents for the site, Helps & Gunby, finally persuaded the several owners to lower the price to \$55,000, which is considered a reasonable figure.

BASE METALS TO GOLD AND SILVER SAYS LANGE

SCRANTON, Pa., May 28.—Dr. F. W. Lange, in whose laboratory C. F. Dickinson is said to have inhaled fumes which caused his death, declared last night that it was absolutely true that he had discovered the long-sought process of transmuting base metals into gold and silver. He said that through Mr. Dickinson's untimely death the discovery has been announced prematurely.

SHIPPERS OPPOSE RAILROAD RATES

Declare That Committee That
Formed Them Was Not a
Legal Body

CHICAGO, May 28.—A delegation of shippers from the middle west will appear before Attorney General Wickens Tuesday to ask that the Federal court enjoin the railroads from enforcing the new rates to Western points. The new rates are scheduled to go into effect on Wednesday.

The delegation contends that the committee and their members who agreed on the rates adopted by the transportation companies was an illegal body and declare they have evidence to support their contention.

"PARDON RING" WAS ACTIVE FOR YEARS

Colorado Official of State Char-
ity Board Charged With
Taking Bribe

CRIPPLE CREEK, Colo., May 28.—Information charging C. J. Hagar with having accepted a bribe of \$180 while secretary of the State Board of Charities and Corrections was filed in court today by John E. Wright, business manager.

He charges the alleged bribe was to secure a pardon for Samuel Haas, a state's prisoner serving ten years for assault with attempt to kill. The complaint was the outgrowth of reports that "a pardon ring" was operative here for several years.

\$20,000 LIBEL SUIT IS BEGUN AGAINST LAWLER

WASHINGTON, May 28.—Christopher P. Connelly yesterday instituted suit against Oscar Lawler, assistant attorney general for the Department of the Interior, claiming \$20,000 damages for alleged libel.

Before the Ballinger-Pinchot investigation committee Lawler intimated that Connelly had been guilty of cruelty and cowardice at the time of the sinking of the steamship Republic. Connelly says Lawler accuses the wrong man and that he was not aboard the Republic.

FIRE SWEEPS THROUGH MIAMI MINE HAMLET

GLOBE, Ariz., May 28.—Fire and dynamite, counter forces, are threatening to destroy the entire residence section at the Miami mine, situated six miles from this city. The fire started about 4:15 yesterday afternoon in a mysterious way, and the flames quickly spread until within a short time the whole mining camp was threatened.

AN UNUSUAL CASE IN THE JUVENILE COURT

Mary F. Staplin, aged 18, who had broken her probation, was brought back from Los Angeles last night by Sheriff Lacy and Probation Officer Scott, and this morning she was taken into the juvenile court. She sought to be freed from restraint of the probation court, but Judge West entered an order that she must report to her mother at least once in thirty days and her mother must report to the court every three months.

The case differed from any other juvenile case that has come before the court. The girl has attained her majority, having reached 18 years of age on April 8 last. But because of the fact that a complaint bringing her under the juvenile court law was sworn to the day before her birthday, and under the juvenile law a girl may be kept under the jurisdiction of the court until she is 21 years old, she continues on probation.

The girl, who has been in Los Angeles, had Attorney Hutchinson as her attorney. Hutchinson or the girl seem to have conceived a theory that the girl, being 18, was entitled to receive on her eighteenth birthday a large estate which was left to her by her grandmother. It develops that the legacy is \$500; no more and no less, and it is and always has been in Wisconsin, and further it is shown that the girl cannot receive the money until she is 21 years of age.

Attorney Head appeared for the girl in the juvenile court this morning. Mrs. Estella M. Staplin went on the witness stand, and asked that the former order of the court placing the girl under the charge of Probation Of-

LORIMER NOT GUILTY OF GRAFT--SO HE SAYS

Declares Story of Bribery to
Secure His Election is a
Paper Fabrication

SAYS CHICAGO TRIBUNE
IS TRYING TO RUIN HIM

Accused Senator Makes Talk
On Floor of United States
Senate

WASHINGTON, May 28.—Demanding the investigation of bribery charges in connection with his election, Senator William Lorimer of Illinois appeared before the senate today with an explanation that blamed the Chicago Tribune for the whole affair.

He presented resolutions covering the case which were referred to the committee of elections and privileges. He declared he had carried on a twenty-five year warfare on the Chicago Tribune and stated that the paper "lied" when it made the charges. He denied that any member of the state legislature had received a cent from him. He alleged that the paper is conducting, in devious ways, a fight against the new banking association that he and his friends are organizing, and took this method.

He declared the charges appearing in the paper, purporting to have been written by Charles A. White, a member of the legislature, were not written by White, but by a trained newspaper man.

"It is plain that every word was passed upon by Lawler before it was signed by that poor, low creature, White," he said, "who does not hesitate to commit forgery for a few dollars and for whom perjury is no crime. When the truth is known every one will know that this is but a conspiracy to drive me from public life, and ruin me financially, because I will not do as other Illinois Republicans do, place myself under the dictatorship of the Chicago Tribune."

The consideration of the railroad bill was postponed today to permit Senator Lorimer to make his defense. The insurgents, headed by a Follette and Clapp, asked that the explanation be postponed until Monday in order that the regular program be carried out. The regulars defeated the move, knowing that the insurgents wanted to go home immediately to "watch their fences."

THE JUVENILE COURT

The following letter from Judge Sale of Wisconsin was read:

County Court, Rock County, Janesville, Wis., April 21, 1910.
Mrs. Stella Staplin,
839 Ross St., Santa Ana, Cal.

Dear Madam:—Replying to your letter of the 16th I have to inform you that your daughter under the laws of the state does not become of age until she is 21, and you will remain her guardian and have charge of her property until that time.

Yours truly,
J. W. SALE.

Attorney Head stated that he did not doubt but what the mother was still guardian of the girl's property, but the girl desired to be free from the cloud of being under probation, and he thought that she, being 18 years of age, should be free.

Judge West ruled that the girl was still under the jurisdiction of the court, and made Mrs. Staplin probation officer to whom the girl is to report.

Mary F. Staplin, daughter of Mrs. Estella M. Staplin of 839 Ross street, was arrested in Los Angeles yesterday evening by Sheriff Lacy and was brought here to appear in the juvenile court.

HEAR NOTHING ABOUT SAINZ

Time Gone by When It Was
Expected He Would be
Brought Here

Sheriff Lacy and District Attorney Davis have begun to wonder what has become of Rosario Sainz, wanted here for the murder of Jose Machado last September. Sainz was in jail in Ensenada some seven or eight weeks ago, and Officer Cervantes went after him with extradition papers. It was found that it would be necessary for these papers to go through some department and it was thought Sainz would be ready for extradition in about two weeks. Cervantes returned. The Mexican authorities agreed to let the sheriff here know as soon as the papers were returned from Mexico City.

No word was received, and time passed. Recently Lieut. Gov. Porter wrote to Mexico to find out what was holding the matter up, but as yet no word has been received here.

TUSTIN SOCIAL

Outdoor Party

Several women met at the home of Mrs. D. T. Walters last Saturday afternoon in honor of her sister, Mrs. Brown, who will soon leave for Denver, Colo. It was strictly an outdoor party, and a better spent afternoon would be difficult to hear of than Saturday afternoon. Several games were played, among those were pinning on the donkey's tail. The prize, which was a box of candy, was awarded to Mrs. Brown. After that each one was given a paper which told them to do something with which to amuse the rest. Some splendid readings, songs, speeches and other "somethings" were enjoyed immensely.

Then the refreshments, which were brought by the guests, were spread upon the table on the lawn. The centerpiece was a miniature Maypole, trimmed in red and white, and the place cards were sticks of red and white candy.

The guests were Mrs. Partridge, Mrs. Harned, Mrs. Day, Mrs. Dryer,

Mrs. Fitch, Mrs. W. M. Stearns, Misses Marie Hoffman, Cora Phillips, Worth Hutchison and Josie Stearns.

Everyone wished Mrs. Brown, who departed on the 5 o'clock train, a pleasant journey. She expressed her regrets at leaving such a pleasant society and she sincerely wished the afternoon had been longer.

Comet Party

Mr. and Mrs. Sparfield entertained their neighbors Monday night very charmingly with a party at their home on Holt avenue. "500" was played. Only once in a while the comet was looked for, and the eclipse was also eagerly looked for, but as it happened to be so foggy they were as much disappointed as many other people were.

After the delicious refreshments were enjoyed the guests all declared they had spent a most delightful evening. The guests were Mr. and Mrs. Ross, Mr. and Mrs. Squier, Mr. and Mrs. Holt, and Mr. and Mrs. Fiendisen.

Excellent Musicals

Last Friday afternoon Mrs. J. O. Preble entertained her music pupils at her home. Each pupil was allowed to bring one guest. Mrs. Preble presented her pupils in the following program:

Duet, March—Valeda Willard and Anita Preble.

"Children's Song"—Minerva McCarrell.

"Cuckoo Song"—Evelyn Willard.

"Carnival of Venice"—Willis Mitchell.

Vocal Solo, "May Morning"—Jeanette Plater.

"Oriental Melody" and "Redondo"—Anita Preble.

Duet—Ralph and Will's Mitchell.

March—Herbert McCarrell.

"Violin's Greeting"—Valeda Willard.

"Sweet Bye and Bye"—Jeanette Plater.

Vocal Solo, "The Gift"—Mrs. W. G. Mitchell.

"The Witches' Flight"—Mrs. Preble and Jeanette Plater.

Miss Dresser, of Santa Ana, then gave several beautiful organ selections, among them "Home, Sweet Home," played with two fingers.

The home was prettily decorated with pink and white flowers and the pink and white color scheme was carried out in the decorations.

ried out in the dainty refreshments. The pupils all exhibited much skill in their compositions, and much credit is given to Mrs. Preble.

Enjoyed Supper

The members of the Tustin K. P. entertained their ladies with a splendid chicken supper at the Tustin Hotel. The tables were decorated with big bunches of carnations and ferns.

Mr. Fred Culver acted as toastmaster, and called on several who responded by good talks.

The K. P.'s have long been noted for their generous entertaining, and when one of the ladies present was asked what the decorations were, she said: "I don't remember, I didn't see anything but chicken."

Splendid Success

Last Saturday evening the members of the recently organized Pythian Sisters entertained with a necktie and apron social. It seemed as though nearly everyone came and they all had a fine time.

Mrs. Roy I. Smith received the prize, a hand embroidered apron, for wearing the prettiest apron. Mr. Richards received the gentleman's prize, a burnt wood tie rack, for having tied the most artistic tie.

Home made cakes and cream were sold and the proceeds for the evening amounted to about \$13.

Professor and Madame Andrist furnished music for the dance which followed the supper.

Interesting Meeting

The members of the Tustin History Class met Tuesday afternoon with Mrs. Geo. Hubbard. Mrs. E. M. Nealley gave a fine book review on "Lead Horse Claim," by Mary Halleck Foote.

Work for next year was planned.

Tacky Party

Miss Ethel Alderman entertained the members of the D. W. T. Club at her home Tuesday night. The affair was a tacky party. As the saying is, "It was more fun than a picnic." The guests were Misses Eva and Cora Brown, Bertha Jessup, Critie Young, Inez Phinney, Julia and Rosa Ebel, Jessie DeBaun, Mina Halderman and Alma Patton. Refreshments were served.

Travellers' Section

Mrs. E. M. Nealley entertained the members of the Young Ladies' Travellers' Section at her home Wednesday afternoon. The guests were Mrs. W. L. Tubbs, curator, Mrs. George Cole of Los Angeles, Mrs. Clyde Walker and Misses Louise Long, Fannie Smart, Eva Bradford, Elsie

Harrison, Alice Norton, Mina Menges, Ava Wells, Gertrude Montgomery, Georgia Barnes, Blanche and Lula Minter, Myra Kirk, Margaret Wakeham and Jennie McFadden.

After the subject of Spain was fully discussed, a splendid musical program was rendered. Miss Blanche Minter sang sweetly and Misses Elsie Harrison and Eva Bradford gave two of Moszkowski's Spanish Dances. Miss Alice Norton rendered a selection of Spanish, by Bohm, and Miss Jennie McFadden, who has just returned from her musical studies in the East, gave several Chopin and Grieg numbers.

A two-course luncheon was served. The afternoon was very pleasantly spent.

New Buildings Here

Mr. L. A. Cock is moving his former residence from where it is now situated and will soon begin to build a neat little bungalow.

There have been several improvements in property of late. Mr. Taylor of McFadden street, is building on his home, thus making it more convenient.

Mr. C. C. White will begin very soon several weeks' work on his residence and grounds, improving them for both convenience's sake and beauty.

A real estate deal of interest was transacted this week. Mr. McCarter bought twelve acres of vacant land on McFadden street from Mr. Rockefeller. Mr. McCarter will set the land out yet this year in walnuts.

Will Prepare Grounds

The members of the Tustin ball team, who played against the South Central Merchants last Sunday, came home with more laurels than they did last time. Their friends are not at all pleased to note that the boys lost the game by the close score of 8 to 7.

Tomorrow they remain at home and prepare their own grounds, which will be near Aliso. They won their first game, and as the third time is always the charm, we all hope the boys will win next time.

School Closes Soon

Tustin grammar school will close next Friday afternoon. There will be public exercises by the pupils. The following Tuesday afternoon the graduation exercises will be held. This will also be public. Rev. Allan Kennedy of the Tustin Presbyterian church will deliver the address.

A cordial invitation is extended by the teachers and pupils to the public to attend.

Who Said Power?

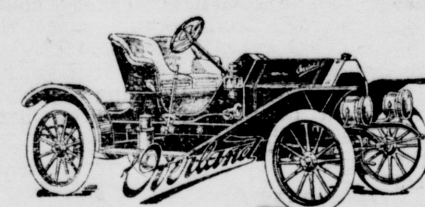

We hear some rumors are afloat to the effect that El Modena grade can't be negotiated on the high speed.

This is a Big Mistake

Even the 25 horsepower Overland goes over the grade "on the high" any time—we'll show you with pleasure, if you wish. We merely mention this as ONE of the Overland's points of superiority. This stunt of the Overland is merely a small incident as compared to its great staying and lasting qualities.

Overland Cars will stand more hard service, at a less expense for upkeep in the course of a year than any other car in their class.

THE CAR THAT LASTS FOR YEARS

You don't want the car of possibly one season's endurance. You want a car that will be good for years to come. A car built so thoroughly and so carefully that its makers say, as does the Overland Co.: "We have built your car to run and keep running. We have put into it the best engineering skill, the best material and the best construction which we know. The car is so good that with reasonable treatment it will last and give service for many years, until it is absolutely worn out. If it does not, if any single part fails or proves inefficient through any fault of ours we will make it good. There are no strings tied to this offer, and no time limit. These cars are right."

HAY CROP IS SOME BIGGER

Farmers Found More of It Than They Had Expected—El Modena News

EL MODENA, May 26.—Most of the hay crop is cut, and some baling is being done. The crop is better than most of the farmers thought it would be. This is particularly true of the oat crop.

A. O. Hodson is using a baler of his own this year, and will do some work near home for others.

The El Modena school gave a cantata, "Jack, the Giant Killer," last Friday night to a crowded house. The little folk did well. Mr. Dearing told the audience that if all did not go smooth the comet should be blamed.

The Berean class met last week at the home of Mrs. Daisy Hadley, it being a birthday meeting for two lady members of the class. Cake and strawberries were served. Songs were sung. Mrs. Hadley and Mrs. Eley received several birthday cards.

Mrs. Maud Hadley has been on the sick list for the past week.

P. Stoner is home now from Berkeley and will make a new member of the C. E.

Mr. Rice of Omaha, Neb., who has friends here, has secured employment in a garage in Santa Ana.

Twenty-five intermediates from here, accompanied by Mrs. Cross of Los Angeles, an intermediate worker sent by Paul C. Brown, went to the rally at Villa Park. The local intermediates have a rally song of their own make, a copy of which Mrs. Cross took for use in the city.

Monday evening's C. E. Social was a success, judging from the amount of fun everyone had.

CONFIRMED PROOF

Residents of Santa Ana Cannot Doubt What Has Been Twice Proved

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Santa Ana, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Santa Ana kidney sufferers.

H. C. Shaw, 917 East Pine street, Santa Ana, Cal., says: "In the spring of 1902 I gave a public statement telling of my experience with Doan's Kidney Pills. This remedy brought me great relief from kidney complaint from which I had been a sufferer and I was so pleased that I did not hesitate to testify in its favor. In 1907 I confirmed my original statement and now two and a half years later, I can say that I still hold the same high opinion of Doan's Kidney Pills. I have used them on several occasions since first learning of their value and I have found that they can be depended upon to bring relief. I have profited so greatly by the use of this medicine that it is always a pleasure to me to speak in its praise."

JOHNSON CLUB OPPOSED TO A "LEAGUE" CLUB

Machine Boss Takes Control of Body Formed by Reformers

The Sacramento Bee's special correspondent wires the following interesting story to his paper from Riverside under date of May 26:

The meeting here last night was the largest of the present tour, about 500 crowding the local hall. The size of the gathering was a distinct triumph for the local Johnson Club, which occupies the strange position of being opposed to a so-called Lincoln-Roosevelt organization.

The situation is this: Two years ago a Lincoln-Roosevelt Club was formed here and was accomplishing results along good government lines. The machine boss of the county evolved the brilliant scheme of having all his henchmen join the club as reformers, but when this had been accomplished these henchmen immediately ousted the original officers and installed machine men in their places. Those who formed the club withdrew, but the skeleton organization remained in existence, though it has never held a meeting.

Cuttle Exposes Scheme They were to meet within the next few days, however, and under the name of Lincoln-Roosevelt League Club endorse another candidate for governor. The Johnson Club got wind of the scheme and last night its president, Francis Cuttle, a banker and president of the Riverside Water Company, denounced the local machine's intended coup d'etat and exposed their purpose, warning the people against placing any credence in any such endorsement. Quite a lot of comment has been heard upon the subject.

H. L. Carnahan, a prominent attorney of this county, presided at the meeting last night, and forty prominent citizens, including bankers and men in all walks of life, sat upon the platform as vice presidents.

The large attendance was due to the intense feeling here between the Johnson Club and the so-called Lincoln-Roosevelt Club. It is the consensus of opinion that by the nipping in the bud of the endorsement scheme, the Johnson Club has completely downed its struggling rival.

ESHLEMAN A SURE WINNER

The saying that a man is not without honor save in his own country does not apply to Jack Eshleman of Imperial county. The Calexico Chronicle, which is not a Lincoln-Roosevelt Republican League paper, says:

"This county is going solidly for John M. Eshleman for railroad commissioner. Socialists, Republicans, Democrats, Prohibitionists, Elks, Eagles and Fraternal Brotherhood and a whole lot more who cannot be classified, will vote for Eshleman.

"The John M. Eshleman Club, started at El Centro, has a membership of over 250 right now. Nearly every voter in the El Centro precinct will vote for Eshleman for railroad commissioner."

nile court as a dependent child. The girl had dodged arrest and had defied the court. Either the girl's friends or her attorney, Hutchinson of Los Angeles, are responsible for insinuations of a nature that may get them into trouble with the court.

Mrs. Staplin holds \$500 in trust for her daughter. The mother cannot give the money to the daughter until she is 21 years of age. This is one of the provisions of the trust, which comes from a probate court in Wisconsin.

It appears that the girl was headstrong. She wanted her money and declared it was due her at the age of 18. The matter brought on differences between her and her mother, and the girl left home and went to Los Angeles. She would not return home. Efforts were made to get her to return home, but the girl was defiant.

April 8 was the girl's eighteenth birthday. On April 7th a complaint was sworn to charging her with being a dependent child within the jurisdiction of the juvenile court. The girl was taken before the court, and by order of the court was ordered to report to the probation officer, and was instructed to live at home. She left without permission and went to Los Angeles, thus putting herself in contempt of court. She defied the court or any of its officers to bring her back.

Probation Officer Scott had already failed to get the girl to return. The warrant was turned over to a city officer, who went to Los Angeles and found the girl. Attorney Hutchinson managed to bluff the officer out of serving the warrant, asserting the officer would be liable if he served the warrant when the girl was over 18 years of age.

Probably encouraged by this incident and by her attorney, the girl gave further defiance. She declared she would never be taken to Santa Ana. Thus the matter stood until yesterday. Learning that the girl was at her boarding house, at 507 East Fourth street, Los Angeles, Sheriff Lacy planned to arrest the girl. He and Probation Officer Scott went to the house in an automobile and put her under arrest. At first she was angered, but Sheriff Lacy told the girl she could come with him quietly if she would, but come she would whether she wanted to or not. The girl saw that the sheriff meant what he said, and she decided to go quietly. A girl friend accompanied Miss Staplin. They were taken from the house by automobile a short distance out of Los Angeles, and the 6:10 car from Los Angeles to this city was taken.

The juvenile court has jurisdiction over the case for the reason that under the juvenile law, any girl who is complained of before the court before she is 18 remains under the jurisdiction of the court until the girl is 21 years old.

Miss Billingsley will have charge of the pretty home near the foothills while the parents are traveling.

Entertained by the Holbrooks

The ladies of the Helping Hand of the First Baptist church, upon invitation of Mr. and Mrs. F. A. Holbrook, spent Friday at their beautiful home, 780 Halladay street. Deft fingers plied needle and thread and many useful articles were made ready to fill a basket for one of the missionary pastors of this denomination.

The GEM MARKET

which her husband is the popular pastor. An afternoon reception at the home of Mrs. F. M. Bruner was the form into which the welcome crystallized, and a hundred ladies were present to greet the young and charming bride to her Santa Ana home.

Not only the pretty parlors but the vine-covered rose arbor that is such an attractive spot on the grounds of the Bruner home, were utilized for the event. Indeed, the arbor, covered with Cecil Bruner roses, was the real center of the affair, and under its inviting shade the ladies chatted and were served with delicious Dragon ice cream, cake and punch, brought to them by the fair hands of the young women of the church. The laurestina hedge that borders the lawn added to the beauty of the environment.

Under a spreading awning were placed the tables from which refreshments were served. Mesdames Freeman and Brinsdine presided at the ice cream at cake table, while Mrs. Knights had charge of the punch bowl.

Through the opened windows of the house floated sweet music throughout the afternoon. Miss Kassa Bailey playing many beautiful numbers in a most satisfying way. The ladies receiving in the parlors as the guests arrived were Mesdames Connell, Gist and Vance, and Mrs. Bruner welcomed the ladies as they reached the pretty arbor. Sweet peas, carnations and ferns were tastefully combined in the house decorations.

Class Reunion

There was a pleasant class reunion last night, when a number of the graduating class of February, 1910, had a progressive party. They gathered at the home of Miss Nellie Hill, where a jolly start was made. Punch and Marguerites were served by the hostess, after which the party progressed to the Mansur barn, where Miss Mildred Mansur was hostess. The soft of the barn had been prettily decorated and here a "track meet" between California and Berkeley universities was put on with great enthusiasm. Refreshments of popcorn and delicious home-made candy were served.

The final stop was made at the home of Miss Faria Benus on South Main street, where jolly games, ice cream and wafers combined to make the last progression a merry one. Prof. Eggen, class teacher, accompanied the class on its pleasant rounds.

Merry Class Party

The class party of the eighth grade pupils of Central school was held last night at the home of Mr. Mrs. J. M. Cain, 1906 North Main. There were probably twenty present and Miss Frasier, the class teacher joined in the merriment of her pupils.

Ice cream, cake and punch were the refreshments served at the close of the pleasant evening.

Picnics at Park

The annual picnics of the Congregational and First Christian churches were held today in Orange County Park, merry parties from both churches uniting in making the "well-kept ring" as they rambled through the beautiful confines of the splendid park.

Successful Social

A large crowd was present at the congregational social of the United Presbyterian church last evening, and with games, a musical program and an abundance of ice cream and cake, everybody had a good time.

The excellent program included selections by a male quartet, composed of Messrs. Anderson, Collins, Galloway and McCormick, piano duet by Mrs. Harry Dean and Miss Dorothy Dean; piano solo by Miss Galene Finley, and a vocal solo by Mr. Leigh Galloway.

Wedding Anniversary

Mr. and Mrs. Geo. W. Young last night celebrated their eighth wedding anniversary with a pleasant party in which all the usual jollities of such an event were enjoyed. Progressive whist was played, with Mrs. Geo. P. Thompson and G. E. Shelton as prize winners. Mrs. Lola Richards won the draw prize.

A handsome rocking chair and other gifts were presented to the couple celebrating their wedding day of eight years ago. Following the other pleasures of the occasion, ice cream and cake were served.

Those present were Mr. and Mrs. Shelton, Mr. and Mrs. Geo. P. Thompson, Mr. and Mrs. E. Waite, Mr. and Mrs. Horace Fine, Mr. and Mrs. H. W. Koehler, Mrs. Lopez, Mrs. Richards.

Bible Circle Social

The Good Fellowship Bible Circle held its regular monthly business meeting and social last night at the home of their president, Mr. D. G. Buchheim, on East Santa Clara avenue. After the business meeting, a very interesting program was rendered, consisting of instrumental and vocal music interspersed with a number of readings. Mrs. Buchheim treated her guests to a delicious supper of home made cakes, lemonade and candy. The remainder of the evening was spent in general sociability and out-door games, and at a late hour the guests reluctantly departed.

Mothers' Meeting

The mothers of the First street school district had a most interesting and instructive session in the 8th grade room of the First street building. Mrs. Charles Kendall was in charge and had discussed by competent speakers the subject of "Art" and "Responsibility of Property in Childhood."

A question box was also ably handled and out-door games and home study considered in this exercise. Mrs. J. A. Cranston and Mrs. Lillian Whitney assisted the leader in plans for the meeting.

WILDERFELT GIVEN SUSPENDED SENTENCE

Justice of the Peace Smithwick this morning gave a six months suspended sentence to Ed. Wilderfelt, a young man charged with an attempted assault upon a 12-year-old girl. The case was a hard one to determine just what should be done with Wilderfelt. He was plainly simple-minded, not insane enough to be sent to an asylum and hardly sane enough to be at large without someone being responsible for him. An uncle of the boy is to look after him.

THREE MILLIONS TO BE PAID FOR CENTRAL OIL PROPERTY

Los Angeles Times: Negotiations are practically complete for the sale of the Central Oil Company to an English syndicate. The deal is to be closed by next Wednesday, and it is understood that the terms have been agreed upon and that the transfer of papers is all that remains to be completed. The Central Oil Company is one of the large operators in the Whittier and Fullerton districts, and its property is considered among the choicest.

The owners of the Central Company decline to disclose the names of the purchasers until the transaction has been formally completed.

The Central owns 2200 acres in the richest parts of the Whittier and Fullerton districts. It has about fifty producing wells. Oil men who are not in the company have no accurate information as to the production. It will come as a great surprise to them, it is said, as none of the local investors had an idea that it was on the market.

President W. W. Neuer said last night: "It is true that negotiations for the sale of the Central Oil Company are about to be completed. The price at which the property will be sold is about \$3,000,000."

The Central Oil Company will have proven a very good investment for the stockholders under the terms of the sale. The present production is paying good dividends, the stock has advanced rapidly since it was originally purchased by most of the holders, and the sale will be at a price that means another substantial advance.

W. C. T. U. Notes From Garden Grove

The Woman's Christian Temperance Union of Garden Grove held its regular monthly meeting at the home of Mrs. M. A. Crouch on Wednesday afternoon, May 18th. About twenty-five members were present. Reports of the state convention were made by Mrs. Amy Rolfe, a delegate, and by Mrs. Garrison. A visiting member from Bakersfield, Mrs. Maude Maddox, president of the union of that city, made an interesting talk about the work in that place. "Bakersfield," said the speaker, "is about the worst city in the world according to its size. It has sixty saloons, numerous gambling houses, and a red light district. The women of the W. C. T. U. had tried the old crusade method of going out and singing and praying in the streets in front of saloons."

Mrs. Garrison replied that the ladies of Garden Grove had reason to be thankful that their lines had fallen in pleasant places, and that no saloons cast their blighting shadows over their homes.

Mrs. Rolfe reported that arrangements were being perfected for the observance of Flower Mission Day at her home on June 15th, with an all-day meeting. A dinner would be served to which everybody was invited, and in the afternoon a social, with musical and literary program. Committees were appointed to assist Mrs. Rolfe in making the final preparations. This will be the first meeting held by the superintendent of the social department and it is hoped she will have the co-operation of every member to make it a great success.

The feasibility of opening a free reading room and library was discussed, and Mrs. Emons related how a union, back east, of which she was then the president, had started a reading room on a small scale and how it gradually grew into larger proportions until it finally culminated in the purchase of a lot and the erection of a beautiful temple with auditorium library and reading room, and rooms for the accommodation of the Young People's societies. "It was the pride of the town," said Mrs. Emons. The ladies thought it would be a good thing to inaugurate a similar work in Garden Grove; so it is possible steps may be taken at an early date having that end in view.

Mrs. Garrison, who had been elected to prepare and have printed programs of the year's work, and to provide suitable badges, reported by producing the finished articles. The badges were admired and sold, and the programs distributed.

During the social half hour refreshments were served by the hostess consisting of very generous dishes of ice cream and delicious cake.

The meeting adjourned to meet at Mrs. Rolfe's home on June 15th.

The Loyal Temperance Legion met at the residence of Mrs. Harper, last Saturday afternoon. The Young People's Branch met at the same place this (Friday) evening at 7:30 o'clock.

Ask your doctor if all coughs are necessary. If not, then why cough? Ask him about Ayer's Cherry Pectoral.

EARTHQUAKE ADDS TO WATER SUPPLY

(San Bernardino Index)

The remarkable result in Temescal canyon from the recent earthquake as first given publicity in the Evening Index is arousing much comment.

Earthquakes are usually unwelcome visitors and have never been known to do good except in this one particular instance. The city of Corona claims to have been benefited to the amount of \$75,000 because of the increased water supply, which is directly attributed to the shake.

The water supply of the Temescal Water company comes from Coldwater, Mayhew and Gregory canyons. These canyons for many months past have delivered a constant flow varying but slightly for the entire year. Since the earthquake the flow in each canyon has steadily increased until now the measurements shown at the office of the Temescal Water Company give Coldwater canyon an increase of 55 inches, Mayhew an increase of 12 inches and Gregory canyon an increase of 8 inches, making a grand total of 75 inches steady flow of water since the earthquake over anything ever before recorded. As the water stock in the company sells for \$1000 an inch without considering the assessments on the stock it is conservatively estimated that the company has profited by this freak of nature to the extent of \$75,000. Few of us could stand a shock like that.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mother, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Notice of Sale of Real Property

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the matter of the estate of Charlotte L. Noyes, deceased.

Notice is hereby given that, in pursuance of an order of the Superior Court of the State of California, in and for the County of Los Angeles, made on the first day of September, 1909, in the matter of the estate of Charlotte L. Noyes, deceased, Anna Cora Lewis, administratrix of said estate, will sell, at public auction, to the highest bidder, for cash, gold coin of the United States, and subject to the confirmation of said

The Giant Strides of Los Angeles' Growth and Prosperity get into Your Dividends

When you become a "Home Builders" stockholder.

The earnings of "Home Builders" as shown in the dividends paid-in-cash to its stockholders is another irrefutable argument or proof of its money making ability.

For its first quarter, 2 per cent was paid, or 8 per cent per annum.

For its ninth quarter, 3 1/2 per cent was paid, or 14 per cent per annum.

Between these first and last quarters the dividends show a steady and consistent growth.

Today it is paying 16 per cent per annum on par, which makes your investment in its shares at \$1.85 net you about 9 per cent.

These dividends of "Home Builders" have all been paid out of the interest and building profits and not from the sale of stock or premiums thereon.

"Home Builders" makes much profit besides its paid-in-cash dividend. This it accumulates, as shown above, to be \$155,859.43 and in the ratio of its increase and dividends paid does its stock advance in price.

This is why good money can be made from the constantly increasing value of stock after you buy. And is why you should embrace the opportunity of buying now before the advance to \$1.90 which occurs Wednesday, June 1st.

The advance in price should cause you to act now
After June 1st you'll pay \$1.90 for these shares--\$1.85 until then

The solidity of "Home Builders" is proven in the ninth quarterly statement recently issued, in which the grand total to its assets are shown to be \$620,937.26 with a surplus of \$155,859.43.

This splendid total discloses a growth of 496 times the original capital of \$1250 when the enterprise was launched 27 months ago.

Study the annals of financial history and you will find the equal in rapid growth of this co-operative institution.

Founded on the clean-cut plan of no speculation; keeping everlastingly at it; satisfied with a reasonable profit but making lots of them, "Home Builders" has grown, absolutely in harmony with Los Angeles development.

LANDED ON HEAD, NO DAMAGE DONE

A Hindu laborer learned a fundamental principle of transportation yesterday afternoon. He dismounted from a rapidly moving electric car, and was soon apprised of the fact that the result of such action is disastrous. He struck on his head on the pavement on Fourth street near Sycamore. His turban was knocked off, but his head was uninjured.

EXONERATED SAYS MESSAGE

Man Charged With San Antonio Forgeries Proves Innocence in Short Order

"Exonerated. Start home Saturday morning. Arrive Monday."

These words received in a telegraphic message by a woman at Fullerton tell the story of Louis Schneiderman's exoneration at San Antonio, Tex. The message was received by Schneiderman's wife.

Schneiderman, who established a tailor shop at Fullerton less than a month ago, was arrested by Harry C. Webster, a detective employed by the American Bankers Association. Webster was certain the man was one wanted at San Antonio, Tex., for a number of forgeries perpetrated there in January.

Schneiderman declared he was innocent, but he did not fight extradition. Evidently it did not take long for him to prove his innocence after he arrived in San Antonio, for the man could not more than have arrived before the telegram was sent.

Stops Pain in the Bladder, Kidneys and Back

—Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it.
